

## Create a Grammarly Account

Maryville has a campus wide license for Grammarly, the online proofreading tool that checks text for grammar, punctuation, and style, and features a contextual spelling checker and plagiarism detector. Every student, faculty, and staff can create a Grammarly account and upload/proofread an unlimited number of papers.

To create an account, follow the instructions below.

1. Go to <https://www.grammarly.com/edu/signup>
2. Provide your name, @ [live.maryville.edu](mailto:live.maryville.edu) or @ [maryville.edu](mailto:maryville.edu) email, and password.

\*note – feel free to use your Maryville password. This account is not tied to your Maryville account, though (e.g., if you change your Maryville password, it will not change the Grammarly password).

The screenshot shows the Grammarly sign-up page for educational institutions. The page title is "Join Your Organization" and it prompts the user to "Please create a new account or log in if you have one already." There are three input fields: "Name", "Email", and "Password". Below these fields is a red "Sign Up" button. A progress indicator at the bottom shows three steps: "Sign Up" (completed), "Validate Account", and "Welcome to Grammarly". To the right of the form is a photograph of hands typing on a laptop keyboard.

3. Check your inbox for the email and click on the activation link.
